

This is My ISAGENIX Weight Loss Story

I have always wanted to be all that God wants me to be ~ but there was one area in my life that I couldn't seem to control... my weight. **I had become a prisoner in my own body.** I love people... yet I found myself turning down any opportunity to be around friends, family or even strangers. Every place I went I was always "strategizing my moves" so that I wouldn't get stuck in an aisle or a booth. I apologized to everyone about my size. When I was being lifted onto the operating table to have my gall bladder removed, right before the anesthesia put me under, I apologized to the people moving me for being so heavy. When my family went to the amusement park, I just walked from bench to bench and waited for them to complete ride after ride. My six-year old begged me to go on the roller coaster ride with her; but, I knew I wouldn't fit!

One day, my oldest son had a heart-to-heart talk with me. He said, "Momma, you've done a good job raising me, and if you were to die tomorrow, I'd be OK. But... what's going to happen to my baby sister? She's only 6 and she needs her mom! Are you not going to be there for her when she gets married?" My son's words stung my heart. I had recently lost two girlfriends to cancer ~ and both of them left behind young daughters. Tears just ran down my face as I listened to him plead with me to get healthy. I wanted to scream... I wanted to shout... **"DON'T YOU KNOW, I DON'T WANT TO BE FAT? DON'T YOU THINK I WANT THE SAME THING AS YOU? I DON'T KNOW WHAT ELSE TO DO... I DON'T KNOW WHAT ELSE TO TRY!"**

Finally, I gave my bondage over to the Lord. I knew the only way for me to make it was with His help and guidance. That same morning, I found Isagenix. I knew immediately that this was no accident and that this is what I needed to do. I signed up to enjoy the wholesale discount because I had a very tight budget. I shared my financial concerns with my sponsor and she told me I should look at this as a business. The seed was planted, although I declined as I was interested only in the weight loss... *or so I thought!*

On February 5, 2006, I began my Isagenix journey. As I weighed myself, I just stood there and cried. I was close to 400 pounds! It depressed me to see how I had let myself go... but... I had hope and faith that this would work. **In my first 9 days, I lost 19 pounds and six inches in my waist! Then in the next 30 days, I lost 38 pounds!! At this point I had people coming to me and saying, "I don't care what you're doing, I want to do it."**

God's plans are always bigger and better than anything we could think of or imagine for ourselves. I asked to lose weight...and not only was I losing weight, but he was building me a business so I didn't have to struggle to buy the product! I had 50 people in my downline before I realized, **"Okay, Lord, I get it. You've also answered my financial need. I have a new business!"**

My weight continued to melt away effortlessly. **In only 83 days, I lost 71 pounds! On July 5th... exactly 5 months after I began Isagenix, I have lost 100 pounds, and a total of 76 inches!** My husband says that my "not-so-dainty snore" has completely stopped! Before I started Isagenix, I couldn't walk ¼ mile without being out of breath. Now, I walk over 2 miles a day, and still have energy to go swimming! I actually spent a week on the beach (in a swimsuit!) with my family this summer!

Last week my commission almost equaled a week's pay at my full-time job. Now, with nearly 100 people in my organization, my husband can quit his second job soon... and that gives him 30 more hours a week for him to spend with the family!

The weight loss and blessings don't stop with me... they have overflowed and touched others in such a big way! Friends, family and even strangers, that are now friends, saw the amazing results of Isagenix, and they have tried it too! **They now have their life-changing stories to tell... and honestly, I experience more joy hearing their stories than my own! I thank God each day for blessing me with Isagenix.**

Weight-loss results may vary. In a recent study, participants averaged a weight loss of 7 pounds at the completion of their first Isagenix 9 Day Program. Always consult your physician before making any dietary changes or starting any nutrition, weight or exercise program.
