

This is My ISAGENIX Weight Loss Story

My name is Mary Burrell. I'm 49 years old and over the past 18 years I've suffered from **serious** life debilitating health challenges. I weighed 225 lbs and wore size 20 pants.

On April 16/05, my life CHANGED completely. I was introduced to a new technology in internal body cleansing and superior nutrition called ISAGENIX. I asked my Nutritionist to look at the Isagenix 9-Day Cleansing Program. She checked it out and even sampled it. She and my Naturopath were both VERY happy for me to try it because they had me try various cleanses over several years and I'd never been successful. My "system" was too weak to handle it or it tasted really bad.

NOT the case with ISAGENIX. I got it in my body, sat back, and was truly amazed. Within 3 days (YES ! just 3 days) people around me were remarking how my skin was clear and colorful. It became soft and no longer hurt to touch. That really got my attention. When I finished my first 9-day program, the result was awesome. **I released 16 lbs and 20 inches.** Oh yes, you bet I did another cleanse and another.

I did six 9-Day Isagenix Cleanses back to back. **I lost a total of 45 lbs and 85 inches.** I am wearing a Large in misses and a 10 in pants ! I am so excited. My M.D. is impressed because my lab results are now the best she has ever seen for me. I hope my story ignites curiosity and hope in you as it did for my doctors and nutritionist. They are both now referring their patients to ISAGENIX !
